Subject: CIA Inspector General Survey of the CIA Office
of Imagery Analysis--DIA Assessment of Reporting

1. This confirms arrangements made earlier by phone for two of my Inspectors to visit several individuals in your organization during the week of 15 February 1982. The purpose of meeting with these individuals is to determine their reactions to the products of CIA's Office of Imagery Analysis (OIA) as part of a routine IG survey of that organization. The individuals in your organization were selected as representative recipients of OIA reporting.

2. The Inspectors' interests will focus on the types of OIA reports received and on their usefulness, timeliness, responsiveness and quality. The discussion will include material through Top Secret, TKH and SI in the G series. Security accesses of the Inspectors have been passed to your office through separate channels.
